

My DOOR Is Square!

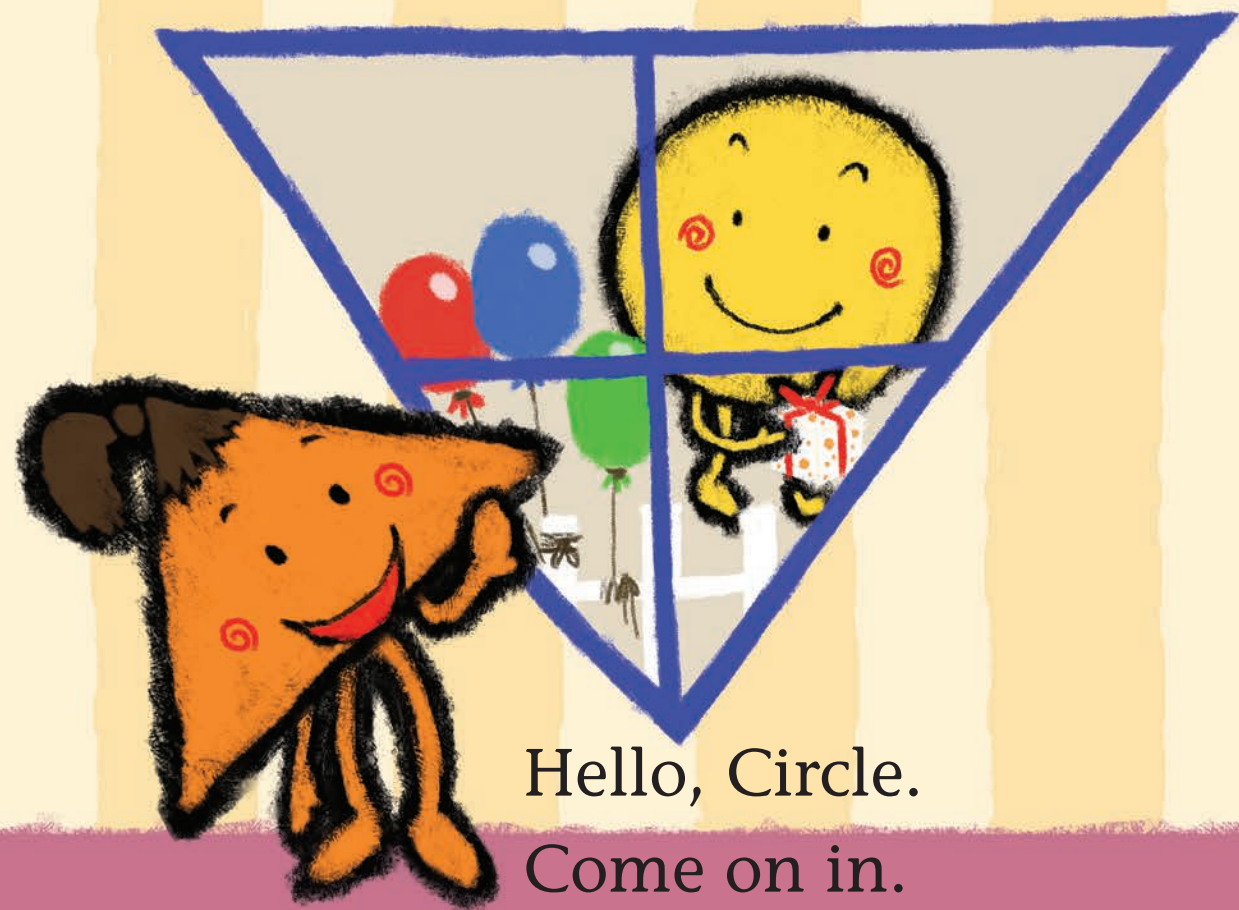

Triangle lives in a triangle village.
Her house is a triangle.
Her windows are triangles.
And her doors are triangles, too.

Tomorrow is my birthday.
Please come to my house.

She invites her friends, Circle, Heart, and Star.

Today is Triangle's birthday.
Circle comes to Triangle's party.

Hello, Circle.
Come on in.

Oh, no!
I can't come in.
It's too small.
